Elsevier author journey for CERN corresponding authors

Based on information you have provided, your publishing options are shown below

### Gold Open Access

Publish Open Access

Make my published article available to everyone.

As an author affiliated with CERN, upon validation, [agreement between CERN and Elsevier](#) will cover the APC.

As per the CERN Open Access policy, CERN will cover the full APC centrally if there is a [CERN affiliated corresponding author](#) and provided that the paper is not a conference proceedings contribution. Please contact [open-access-questions@cern.ch](mailto:open-access-questions@cern.ch) in case of any questions.

#### Article Publishing Charge (APC)

If your institution does not approve paying the APC, you will receive an invoice for the APC of EUR 3,320.00 (ex. VAT). You then have the option to either pay the APC invoice or publish your article free of charge under the subscription model. To publish your article under the subscription model, [contact Researcher Support](#) within two weeks of the invoice date. Elsevier will send the invoice to the email address you have provided on your author profile.

### Subscription

Publish Subscription

As a corresponding author affiliated with CERN, I will publish my article under the subscription model, making my final published article immediately available to all subscribers. [Elsevier's sharing policy](#) explains how I can share my accepted manuscript.

Previous   Save and Continue >

- Based on the corresponding author affiliation details, the author sees the Publishing Options. Gold OA option is followed by Subscription option and we make it clear that CERN agreement covers full APC
- If the CERN Library rejects the author request in the Elsevier Platform, we also make it clear that the authors will receive a full price invoice and also have an option to change to subscription in case they have no funding
- Author selects Gold OA

For articles submitted outside of Physics and Astronomy, or Engineering journals.

### Subscription

Publish Subscription

As a corresponding author affiliated with CERN, I will publish my article under the subscription model, making my final published article immediately available to all subscribers.

[Elsevier's sharing policy](#) explains how I can share my accepted manuscript.

### Gold Open Access

Publish Open Access

Make my final published article available to everyone.

As a corresponding author affiliated with CERN, I am eligible for 10% discount on the Article Publishing Charge under the [agreement](#) between CERN and Elsevier. Upon validation, Elsevier will send the discounted invoice of EUR 2,988.00 to CERN in my name.

I can share my article in accordance with the user license that I select.

#### Article Publishing Charge (APC)

If your institution does not approve the discount, you will receive an invoice for the APC of EUR 3,320.00 (ex. VAT). You then have the option to either pay the APC invoice or publish your article free of charge under the subscription model. To publish your article under the subscription model, [contact Researcher Support](#) within two weeks of the invoice date. Elsevier will send the invoice to the email address you have provided on your author profile.

## Rights and Access

### System presents author with the Journal License Publishing Agreement

Elsevier author journey for CERN corresponding authors

Elsevier Ltd

#### Your Status

- I am signing as an authorized representative and on behalf of my employer

#### License of Publishing Rights

I hereby grant to Elsevier Ltd an exclusive publishing and distribution license in the manuscript identified above and any tables, illustrations or other material submitted for publication as part of the manuscript (the "Article") in print, electronic and all other media (whether now known or later developed), in any form, in all languages, throughout the world, for the full term of copyright, and the right to license others to do the same, effective when the Article is accepted for publication. This license includes the right to enforce the rights granted hereunder against third parties.

#### Supplemental Materials

"Supplemental Materials" shall mean materials published as a supplemental part of the Article, including but not limited to graphical, illustrative, video and audio material.

With respect to any Supplemental Materials that I submit, Elsevier Ltd shall have a perpetual worldwide non-exclusive right and license to publish, extract, reformat, adapt, build upon, index, redistribute, link to and otherwise use all or any part of the Supplemental Materials, in all forms and media (whether now known or later developed) and permit others to do so. The publisher shall apply the same end user license to the Supplemental Materials as to the Article where it publishes the Supplemental Materials with the Article in the journal on its online platforms on an Open Access basis.

#### Research Data

"Research Data" shall mean the result of observations or experimentation that validate research findings and that are published separate to the Article, which can include but are not limited to raw data, processed data, software, algorithms, protocols, and methods.

With respect to any Research Data that I wish to make accessible on a site or through a service of Elsevier Ltd, Elsevier Ltd shall have a perpetual worldwide, non-exclusive right and license to publish, extract, reformat, adapt, build upon, index, redistribute, link to and otherwise use all or

## Authors agrees to the Journal License Publishing Agreement

### Author representations

- The Article I have submitted to the journal for review is original, has been written by the stated authors and has not been previously published.
- The Article was not submitted for review to another journal while under review by this journal and will not be submitted to any other journal.
- The Article and the Supplemental Materials do not infringe any copyright, violate any other intellectual property, privacy or other rights of any person or entity, or contain any libellous or other unlawful matter.
- I have obtained written permission from copyright owners for any excerpts from copyrighted works that are included and have credited the sources in the Article or the Supplemental Materials.
- Except as expressly set out in this License Agreement, the Article is not subject to any prior rights or licenses and, if my or any of my co-authors' institution has a policy that might restrict my ability to grant the rights required by this License Agreement (taking into account the Scholarly communication rights permitted hereunder), a written waiver of that policy has been obtained.
- If I and/or any of my co-authors reside in Iran, Cuba, Sudan, Burma, Syria, or Crimea, the Article has been prepared in a personal, academic or research capacity and not as an official representative or otherwise on behalf of the relevant government or institution.
- If I am using any personal details or images of patients, research subjects or other individuals, I have obtained all consents required by applicable law and complied with the publisher's policies relating to the use of such images or personal information. See <https://www.elsevier.com/about/our-business/policies/patient-consent> for further information.
- Any software contained in the Supplemental Materials is free from viruses, contaminants or worms.
- If the Article or any of the Supplemental Materials were prepared jointly with other authors, I have informed the co-author(s) of the terms of this License Agreement and that I am signing on their behalf as their agent, and I am authorized to do so.

### Governing Law and Jurisdiction

This License Agreement will be governed by and construed in accordance with the laws of the country or state of Elsevier Ltd ("the Governing State"), without regard to conflict of law principles, and the parties irrevocably consent to the exclusive jurisdiction of the courts of the Governing State.

For information on the publisher's copyright and access policies, please see <http://www.elsevier.com/copyright>.

I have read and agree to the terms of the License Agreement.
